

ALCATEL-LUCENT OMNITOUCH™ 8082 MY IC PHONE

SMART GUEST APPLICATIONS WITH OMNIPCX™ ENTERPRISE COMMUNICATION SERVER RELEASE 10

The Alcatel-Lucent OmniTouch™ 8082 My IC Phone provides an easy way to access a variety of hotel services and communication options. Its intuitive, high-resolution touch-screen interface enhances guests' comfort and enables a unique user experience through convenient new capabilities. With Smart Guest Applications, guests can control their in-room environment, adjust lighting and temperature controls, or set their room status to Do Not Disturb. Hoteliers can also promote hotel services, activities or nearby shops, thanks to a customizable presentation service. With simple access to relevant information, guests can easily call or make an appointment to enjoy hotel amenities.

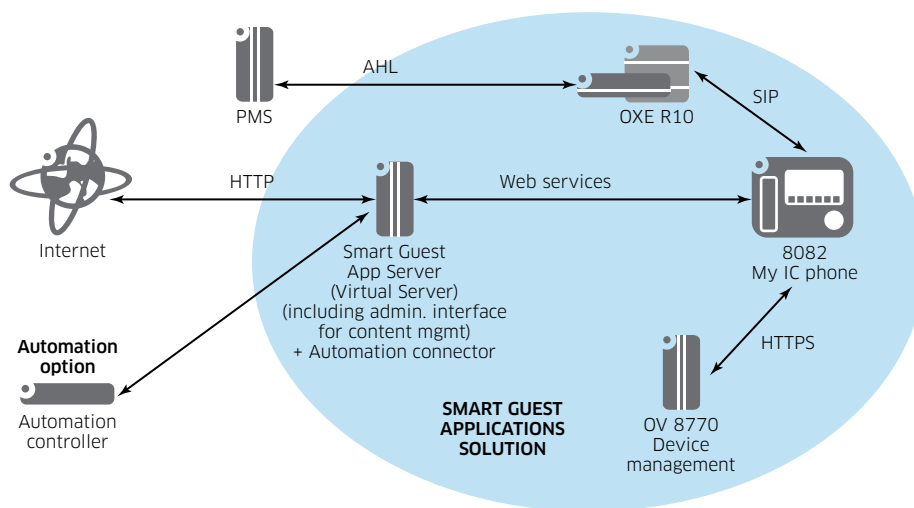

FEATURES

- Customizable home page: background image and guests services
- Hotel services presentation (restaurants, bars, spa...) with direct call button
- Proximity shops presentation
- Hotel leisure or business activities presentation
- Weather forecast for hotel city, hotel favorites or any city chosen by the guest*
- Interactive clock screen saver
- Room automation control support** for lighting, blinds, A/C, privacy
- IT administration security with configuration backup

BENEFITS

- Convey a state-of-the-art brand image of the hotel
- Provide greater convenience and comfort, with quick access to relevant services and information
- Gain new opportunities for advertising and enhance brand awareness inside the hotel
- Increase staff efficiency and optimize hotel operations
- Create new revenue opportunities with added-value services
- Strengthen guest loyalty by creating a unique and satisfying experience
